

The Danforth

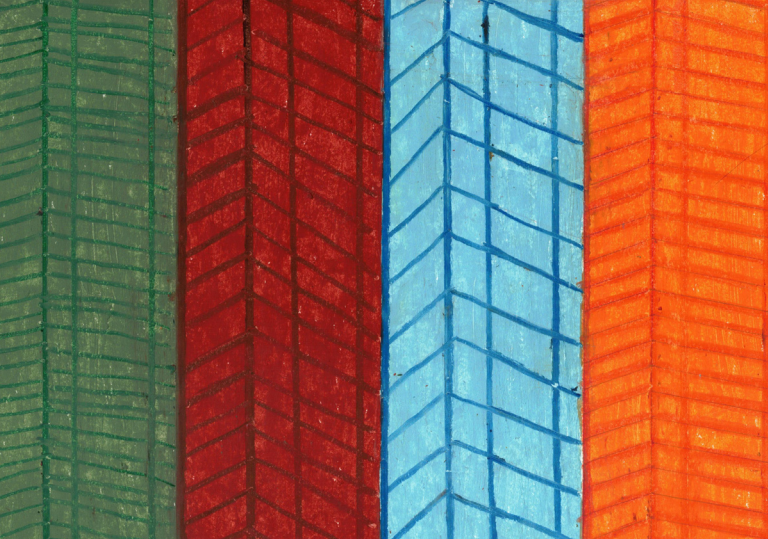

Sketching Toronto

Sketching Toronto is a creative walking tour of Canada's largest city and its vibrant neighborhoods. Studio Shtot celebrates our hometown through a series of creative, colorful, and often abstract sketches.

The Danforth, one of the oldest streets planned in Toronto. Small businesses line the street, offering everything from halal groceries to model shops. Greektown, at the west end of the street, is one of the most iconic communities in the city. One of the two main TTC subway lines, that runs parallel a block to the north, provides rapid transit access to mid-century apartment towers that pop up above the low-rise shops and bars.
